BRAKEMAN FROZEN TO DEATE.-The New York Times says : "The train on the Hudson River Railroad, which left Albany at seven o'clock on Sunday evening, did not arrive here till a late hour en Tuesday morning, owing to the depth of snow on the track.

"The experiences of this train on the journey are said to have been of the most trying kind. When about half-way to Hudson the snow was so deep that the conductor was obliged to send back to Albany for a snow plough. It is said that in some places the snow was piled upon the track eight feet deep. While the train was waiting at this point the sufferings of the passengers from cold are represented to have been severe in the extreme. The train was literally imbedded in the snow, with a piercing cold wind from the northwest. "One of the brakemen, named John Doyle, was frozen to death. Two of the passengers were also badly frost-bitten."

PRINTING.—Experienced men say that they have not known so great a depression of the Printing business for many years. Many of the leading offices have discharged two-thirds of their employees, and have reduced the remainder to two-thirds of a day's work. A large number of journeymen printers have left the city-others are working a day or two in a week as substitutes in the offices of the daily journals; but many more are totally destitute of work. The scales of prices, as established by the Union, has not been materially departed from as yet, that we can learn, although employers say that a considerable reduction must take place unless business improves, and that right speedily .- New York

An effort was being made in London and Paris to negotiate the bends of the Galveston and Houston (Texas) railroad company, amounting to \$750 000. This gave rise to a centroversy between the agent and the London Times's money writer-the latter appealing, in support of his warning against the loan, to the course of the State of Texas on the debt of the former Republic. The first notice of the Times was owing to an intimation that Lieut. Perry, of the British army, for whem a public donation has been recently subscribed, to compensate for the bad treatment he received by a court-martial, was about to invest his money in this loan.

DR. MORSE'S INVIGORATING ELIXIR OR COMPLAL.—At first the properties attributed to Prov. MOREE'S INVIGORATING ELIXIR OR CORDIAL were desmed fabulous. The estimate that is now accorded this preparation by the medical profession and by others competent to judge of its merits, may be seen in the fact that it has been prescribed by many of our most eminent Physicians in this country, and has attracted the attention of a celebrated profession of the Edinburg College, Scotland, by whom it has been successfully used in a career of an aggravated

VINCENNES, INDIANA, Oct. 3, 1864. J. L. Kidwell—Dear Sir: Some three months ago, through the agency of Col Smith Miller, our representation in Congress, I had purchased of you, for the use of my father in Scotland, one dosen Bottles of Bee h Drep or Cancer Preparation. I have a let-ter from my brother, stating that the physician de-sires you to forward another dozen bottles. He thinks under its use the di-eese is arrested. I may add that my father has tried every physician of dis-tirction in Scotland and England, including Prof-ssors of Edinburg and Colleges, without relief. The disease was of three years standing, began in the right cheek, which is partially consumed. He was a sufferer with constant pain, which has entirely

CALLAWAY COUNTY, MISSOURI,

July 13th, 1854. Dear Sir-With great pleasure I inform that your preparation of Beech Drop has accomplished for me what I thought beyond the reach of human agency. For the last twelve years I have been afflicted with scrofula of a Cancerous form. So extensive was the ilcers and so horrible my appearance that my case became notorious with all the Faculty in this and the adjoining counties—in fact I had obtained the best medical aid in our State, without any abatement of the disease. Through a friend I procured a half dozen bottles of your Beech Drep, after using it, so perfect was the cure, that hundreds visited me. My desire is to benefit my fellow man; with that purpose I beg all afflicted with Scrofula in any form

Enclosed you will find an order from some friends for the preparation. Very truly,
